SUMMARY

Entry-level Software Developer skilled in React.js, JavaScript, SQL, and Power BI, with strong analytical, problem-solving, and team collaboration abilities.

WORK EXPERIENCE

Zenstack Pvt. Ltd—Frontend Intern

May 25 – July 25

- Built responsive user interfaces using HTML, CSS, and JavaScript to enhance user experience.
- Implemented dynamic DOM manipulation and API integrations for interactive web pages.
- Collaborated with the frontend team to debug, optimize, and improve website performance.

PROJECTS

Job Tracker Website

[Link](#)

- Developed a Job Tracker web application using React.js for a dynamic and interactive user interface.
- Utilized Supabase for real-time backend data management and secure user authentication.
- Integrated Chart.js to visualize job application stages and track progress effectively.
- Optimized the UI with responsive design and implemented filtering and search functionalities.

Cricket Website

[Link](#)

- Developed an engaging cricket website using React.js and Tailwind CSS.
- Integrated a user registration form with dynamic input validation.
- Built modular components to display real-time match data and team statistics.
- Optimized performance with a mobile-first responsive design to enhance user experience.
